Introduction to Index

Through our Readership Survey, a number of people requested an index of **The Leader's** contents and we decided that the easiest way would be to list the contents of each volume annually, rather than categorize individual subjects.

We have intentionally omitted our Supply Services News, the Editor's Notebook and John Sweet's On The Level. These appear regularly in each issue and cover such a wide range of subjects that it wouldn't be possible to itemize them individually.

It is our hope that presenting the index in this fashion will prove useful to all our readers and, for those who don't cut up their magazine, you might like to bear in mind that we shall list our annual index of contents in the August/September issue each year.
