

78/79 LEA

Introduction to Index

As regular readers will know, this is our second annual index of **The Leader's** contents. Once again we have intentionally omitted our *Supply Services News*, the *Editor's Notebook* and John Sweet's *On The Level*. These appear regularly in each issue and cover such a wide range of subjects that it wouldn't be possible to itemize them individually.

We know that some of you have found last year's index useful and, as we've only received one mildly adverse letter, we are continuing in the same format.
