Winter Camp at the Jensen

The 1st Riverton Rovers held their annual winter camp on February 17-19, 2017 at the Jensen Lodge. The previous week saw over 100cm of snow, making for a very snowy weekend. The Rovers took advantage of the sunny weather that followed to get out into the great outdoors. The crew went for a snowshoe hike around the Yoho grounds and out onto the frozen lake where they found the top of the beaver lodge. They went for another hike later on in the dark to go see the stars.

Several hours were put into digging a tunnel through a particularly large snowbank. This was a crew favourite. A lot of teamwork went into digging from the top down and the bottom up. The Rovers were able to practice problem solving skills when the tunnel became too deep and narrow to fit the shovels. Connecting both ends of the tunnel was met with lots of cheering. The crew enjoyed taking turns squeezing through our narrow tunnel, even though some of us got stuck and had to be helped out.

Digging from the top (photo above)

Back inside the Jensen the fire was well kept and the lodge was cozy. Indoors the Rovers played board games, planned future adventures, and made food. The crew all pitched in to cook lots of great meals and snacks. One of the most popular snacks was fruit with chocolate fondue.

Fredericton got enough snow that snowshoes weren't enough in some spots! (photo on right)

Overall the camp was a success. The Rovers had a lot of fun working together, enjoying the outdoors, and spending time together.

The weather was lovely on the weekend

Crawford Lake Conservation Area

Crawford Lake Conservation Area is one of seven conservation areas operated by Conservation Halton, but the only one to offer an All-Terrain Wheelchair Program. The conservation area has four chairs, two suitable for children (or small adults) and two for adults. The chairs can be reserved ahead of time, or else they are on a first come first serve basis. Not all of the trails are suitable for the chairs, so plan your hike ahead of time. The chairs are offered free of charge to the general public.

The conservation area also has a reconstructed 15th Iroquoian Village and a Hide and Seek Trail with larger than life wooden sculptures of Birds, Butterflies, Amphibians and Turtles.

Ten other Ontario Conservation Areas providing Wheelchair Accessible Trails:

- 1) South Huron Trail, Exeter
- 2) Lynde Shores C.A., Whitby
- 3) Mountsberg C.A., Campbellville,
- 4) Little Cataraqui C.A., Kingston
- 5) Foley Mountain C.A., Westport
- 6) Longwoods Road C.A., Mountain Brydges
- 7) Hamilton to Branford Rail Trail, Hamilton C.A.
- 8) Lemoine Point C.A., Kingston
- 9) Baxter C.A., between Manotick and Kemptville
- 10) Bleasdeil Boulder C.A., Quinte West

COMPANY AND CREW TRADITIONS

Our current company has a tradition of inducting Venturer Scouts who reach their 18th birthday into **THE ORDER OF THE SILVER CANE**. The practice originates from the tradition of the Australian Boot Party. For Australian Rovers who reach their 26th birthday a party is arranged in their honour that resembles a roast. Stories are told and the guest of honour drinks from a glass inside a boot. Afterwards they are officially no longer a member but alumni.

My previous crew, 3rd Newtonbrook, became aware of the tradition by having Australian Rovers as members when they were on **walk-a-about** and living in Toronto. The Boot Party honours the contributions the member has made to the crew and establishes an official end of their involvement as a youth rather than just having them fade away. To give it a Canadian favour, we used a hockey skate for our Australian members.

Our Induction(s) occur at our annual year end party with our Cub Scouts, Scouts, Venturer Scouts, Rover Scouts and parents in attendance. Many of our Venturer Scouts are heading to College or University in other cities, and it's an opportunity for us to thank them for their service and recognize their accomplishments.

This past year Helen Ho, a member of 6th Willowdale and a contributor to this magazine, retired from our company and headed off to the University of Guelph. Best of luck Helen, you will be missed.

Keeping It Fresh, Engaging and Fun

SNOWBALL FIGHTS! Conducted indoors are a lot of FUN!

Ok, before you think me mad or consider this idea as a great way of breaking your lease with your church or school, let me put this into prospective. First of all the whole idea comes from being a guest presenter of this magazine at the ViEW or Venturer / Rover "Expedition Leader" Workshop on November 20th at Camp Samac in Oshawa, Ontario. They get all the credit if this works for you and I'll take all the blame if you lose your lease.

This was the most fun our company ever had planning.

The process:

1. Have each member write on idea on a piece of paper (or two or more pieces depending on the number of people)
2. Then tell them to crunch up each piece of paper into a ball
3. Tell them to let them fly
4. After a few minutes, ask the members to pick up the snowballs (equal number per person)
5. Each person one at a time un-crumples a snowball and reads the idea aloud
6. The person reading the idea has to indicate whether it's a short, medium or long term in respect to planning
7. Allow a minute or two to discuss the idea, then move on to another snowball
8. Keep a list of the ideas presented

Our president ran the process without letting the rest of the company know in advance what was happening. They loved the snowball fight of course but also trying to guess whose idea each one was. Some were obvious and others gave us an insight into the interests of individual members.

One of the ideas, tossed around, several times actually, but that's where the FUN lies, for our Company was climbing. This came as perfect timing for the new Canadian Path's Vertical Skills Award. We then contacted our local Scout House to find an indoor climbing organization with an existing no waiver agreement.

Share your ideas for [keeping it fresh, engaging and fun](#) and help improve the Venturer/Rover Scout programme. A thank you goes out to Debby Corneal and her volunteers for putting an excellent workshop and allowing us to present the Magazine to the attending Venturer Scouts.

Romanian Explorer Belt – Explorer/Network Scout

July 13 – 27, 2017

This opportunity offers the chance to take part in a 10-day Explorer Belt expedition that brings you a real understanding of a different country, its culture and way of life. You will develop this understanding by travelling through your chosen country, working as part of a small team to complete a series of projects and most importantly by meeting local people. The minimum travelling time will be 50 hours over the 10 days by foot, cycle, horse, canoe, boat or dinghy. It is an experience and an achievement that you will remember for the rest of your life.

Transylvania is the forgotten jewel in Romania's crown and is one of the most important and natural and cultural landscapes. The region is made up of a mosaic of unspoiled traditional villages and fortified medieval churches. The city of Brasov with its fairy-tale turrets and cobbled streets will be our starting point with the chance to look around the city prior to leaving on the expedition itself. Of course the most famous castle of all belongs to Dracula, just a few miles away.

We will end at Brasov before transferring back to the capital Bucharest for an overnight stay and then on home to Glasgow.

Editor's Note:

The content above was taken from the Scouts Scotland website. European Scouting has a tradition of providing a capping adventure to its Venturer Scout & Rover Scout/Network Scout programmes. Selected representatives train a year ahead to take a 10 day expedition in a foreign country. Upon completion of the journey and review of the members' log, successful participants are awarded a Belt Bucket to signify their accomplishment.

Currently Canadian Scouting's only comparable award is the Amory Award for Venturer Scouts. Roving has largely settled on the weekend stationary car camping "Moot". In contrast a large part of the Explorer Belt experience is the interaction with the public through local activities and service over a 10 day period. **Our challenge is offer our members a more varied programme with greater challenge.**

MUSIC MOOT 2017 BATTLE OF THE BANDS APRIL 21 - 23

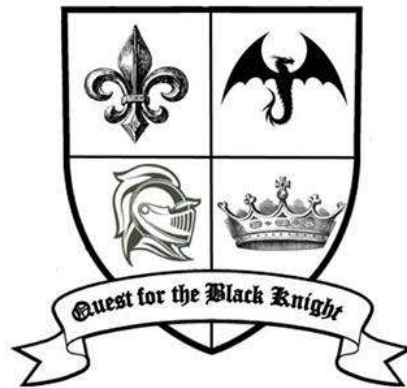

The camp will be split into two. Each camp shall have a theme, each a different genre of music. Crews shall complete events and earn points towards NOT ONLY their crew but also their genre, so at the end of the weekend there will be an overall prize for crew, and also an overall prize for the genre with the highest point *average* (so genre with more crews don't have an unfair advantage.) The Genre award shall be given to the crew who has displayed the most spirit towards their theme, i.e. costumes, site decoration et cetera.

Another new addition to the weekend is our awards ceremony held Saturday night before the dance (Grammys style) as camps have done in the past, the ceremony and dance will be **FORMAL ATTIRE**, so suit up!

Nord is the National Scout Jamboree of the Norwegian Guide and Scout Association. It will take place from 1 to 8 July 2017 in Bodø, which is situated in Northern Norway. We welcome our Guide and Scout friends from around the world. They will have a unique camp experience, because during the summer weeks, the sun never sets and the scouts can enjoy activities day and night.

ROVERS

Have you stayed up all night at camp before? You will get a chance to do that at Nord 2017 as well. Maybe you just want to sleep all day? It's up to you. Whatever you choose, welcome to the rover camp Døgnvill.

There will be activities such as rover cafe with entertainment and campfires. There will of course also be an overnight hike for the rovers. What and where is yet to be decided, but there will be something to suit everyone.

In the rover camp everything will be a bit more relaxed. You'll decide yourself when to go to sleep and get up. In general you will be freer to do what you like. Rovers will also be able to exit and enter the jamboree site to a larger degree than the scouts.

Rovers who participate as full-time staff and as members of a group will be able to live in the rover camp and take part in some activities. This will be stated in the sign up form.

Rovers who live in the rover camp will be able to eat in the staff canteen. In the course of the week, they will work three shifts as staff. They will choose when they sign up for the jamboree which department they would like to do these shifts in (those who sign up first will get first choice of department).

International Roverway 2018 in The Netherlands

Scouting Nederland will organize the 2018 edition of the international event Roverway at the new International Scout and Guide Centre Zeewolde, where scouts between 16 to 22 years old from all over Europe will participate. The World Organization of the Scout Movement (WOSM) and World Association of Girl Guides and Girl Scouts (WAGGGS) support the ideas and plans of Scouting Nederland for a challenging international Rover event.

Roverway and the Sea Scout event Nawaka in a challenging summer of Scouting

The summer of 2018 promises a summer full of scouting and guiding events in The Netherlands, with Roverway and also the biggest Sea Scout event of Europe: Nawaka. Both events taking place at International Scout and Guide Centre Zeewolde. The organization of both events will start in the coming months and cooperation will be sought where possible. One of the goals of Roverway to have every participant sail the Dutch waters at least once during the event.
